

For Web Radio on Your Phone

Go to your app store on your mobile phone operating system and search for TuneIn Radio. This is a free app.

After you have downloaded TuneIn Radio and the app has installed, launch the app and search for KFRM.

Add it to your presets.

If you purchase the Pro version, it allows you to record a program for later listening and you can rewind up to 10 seconds.

This app works with iPhones, iPads, iTouch, Androids & Blackberry
